An internship in political science can provide opportunities and connections that can launch students on a career or graduate path. For many students, unpaid internships are difficult to complete in the summer months, as students face the pressure of completing full- or part-time work to pay the bills. In order to help students offset these opportunity costs, we are offering scholarship money for students completing local internships this summer.

Please submit your completed application and an essay together in one envelope by April 15, 2016:
