Audition Recording Procedures & Information, continued ...

STEP 3: Students perform the required musical excerpts for their instrument. Get the excerpts from your band director, or download them from the Tri-State Honor Band website at www.wright.edu/music/tri-state

NOTE:

- 1) Please carefully observe the tempo markings indicated for each of the excerpts.
- 2) Although not required, flutists are encouraged to play BOTH the flute material and the piccolo material. Even if you prefer to play piccolo only, you must play the flute excerpts also.
- 3) Although not required, oboists are encouraged to play BOTH the oboe and the English horn excerpts.
- 4) Although optional, any student may audition for more than one instrument in the same instrumental family if desired. For example, a saxophonist may submit a recording of alto, tenor, or baritone sax, or any combination of two, or all three. A clarinetist may submit either soprano or bass clarinet, or both, etc.
- 5) Snare drum excerpts within the percussion audition excerpts should be performed with “orchestral” or “buzz” style rolls, (not open rudimental style rolls, unless otherwise noted), and sticking choices should flow in an alternated style (rather than rudimental). Rests that occur within excerpts must be counted out with accuracy and precision (the timing of the rests matter as much as the playing of the notes).

IMPORTANT: After you have finished recording, please double-check the quality of your recording. Poorly recorded and/or problematic recordings **WILL BE DISQUALIFIED.**

Reminder: If mailing-in your recording, please make certain that your CD is enclosed in a case, and that **the CD disc and the case** are **BOTH clearly labeled** with **your name, instrument, high school, city & state.**

Other Important Information Regarding the Festival:

- 1) Selection and section part placement for the Honor Band will be determined by each student’s audition recording. Except for horn, euphonium, tuba, and percussion, all woodwind and brass players will be pre-assigned to a sub-section (ex: First Flute, Second Flute, First Clarinet, Second Clarinet, Third Clarinet, etc.), prior to arriving for the festival in February. Horn, euphonium, tuba, and percussion section parts and placement will be determined upon arrival to the festival, based on the outcome of the live chair seating auditions.
- 2) Copies of the honor band music will be sent to each selected student. **IMPORTANT: Upon arrival at the festival, each student must have in the concert music mailed to them in their possession, with all music fully prepared in advance of the festival.**
- 3) A competitive live chair audition (within sub-sections as described in point #1 above) will be held once the students arrive on campus. A registration & audition schedule will be sent to all students selected for the honor band. This audition will include excerpts from the performance music, major scales (up to four sharps and/or four flats), and a short sight-reading excerpt.
- 4) In addition to the rehearsals and concert, sectionals and/or performance clinics will be coached and presented to student participants by Wright State University applied studio faculty who specialize in each of the various instruments.
- 5) Housing arrangements will be made available for “non-commuting” honor band participants. Further information concerning housing and meal options will be mailed later to those students chosen for the band.
- 6) A registration fee will be assessed each participating honor band student. The registration fees cover costs incurred by WSU for the university’s hosting and administering of the festival.
- 7) Students chosen for the honor band, and their high school directors, will be notified by mid to late December.
