Dear [Name],

We’re contacting you with the hope that you will help us spread the word to any of your students interested in volunteering to work for the John Delaney for President 2020 campaign. This is a terrific way for students to gain experience on a national presidential campaign and add to their resumes.

We have attached a poster to help publicize the opportunity. Interested students can contact us at volunteer@johnkdelaney.com.

John has exciting ideas for the country and will work with bipartisan support to make these a reality. His platform includes:

**Climate Change Solutions** – Enacting a carbon fee and dividend that would reduce carbon emissions by 90% by 2050 and return the revenue to American families, rejoining the Paris Accord and reengaging with the international community.

**Universal Health Care** – Creating a new public health care plan for all Americans under the age of 65 while preserving traditional Medicare.

**Economic Opportunity Expansion** – Investing directly in communities left behind by globalization, creating opportunity zones that encourage private investment in distressed communities and modernizing infrastructure projects.

**Bipartisan Politics** – Ending gerrymandering, protecting voting rights and crafting bipartisan legislation.

**Gun Control** – Passing legislation for universal background checks, limiting the availability of “certain high-powered, military-style assault weapons” and passing a national red flag law.

More information about John’s platforms is available at JohnKDelaney.com._

Thank you for helping us to involve students in this important election.

Sincerely,

John Davis 
Campaign Manager
