LEAP Fact of the Month
Since 2009, 180 students have earned the LEAP TOEFL Waiver and enrolled in undergraduate and graduate degree programs at Wright State University.
LEAP Community Scholarship
Spring Recipient

Ye Kyung Yoon from South Korea is a Spring 2017 recipient of the LEAP Community Scholarship. She has recently been accepted to Wright State Master of Public Administration program for Fall 2017.

"Before starting the LEAP program, I did not have any specific goals. I felt very frustrated and awkward. However, the program has helped my personality to develop. Summer semester, I will study even harder in Level 3 because I do not want to lose...any opportunities," says Ye Kyung.

If you'd like to help other students like Ye Kyung, you can support the LEAP Program here.
