The COLA Professional Mentoring Program links sophomore, junior and senior liberal arts students with mentors who will assist them in making the transition from their college experience into the professional world. As a mentee, you will have the opportunity to learn from an experienced current or retired business professional who will offer you valuable insight and knowledge about what to expect as you enter the workforce. This one-on-one mentoring relationship will allow for individual attention to your career aspirations, professional development, and networking needs. Focus areas are not limited to but could include job shadowing, invitation to networking events, elevator speech and interview preparation, resume and cover letter review, business etiquette, and social media/personal branding. Please note that mentors are not expected to offer job/internship opportunities for their mentees.

Mentee Responsibilities
- Participate in a mentee orientation at the start of the Spring 2019 semester.
- Contact your mentor once you receive his/her information from the program coordinator at the start of the Spring 2019 semester. It is your responsibility to make this first contact.
- Communicate with your mentor at least twice per semester at mutually convenient times. Face-to-face interactions are strongly encouraged but other touch points can include calls, emails, texts, and social media messages.
- Respond to your mentor’s emails and messages within two business days.
- Arrive on time to any meetings.
- Be open and listen to constructive feedback.
- Maintain confidentiality whenever appropriate.
- Notify the program coordinator of concerns about the development of the relationship.
- Provide feedback on the program at the end of the semester.

Deadline
December 14, 2018
Noon
What extracurricular activities are you involved in at Wright State or in your community?

What work experience do you already have?

What are some of the career paths that most interest you?

Why do you want to be a mentee in this program? What do you hope to gain from this experience?

Is there anything special we should consider when assigning you a mentor?
