The purpose of Delta Phi Alpha is to recognize outstanding achievement in the German language and its literatures, and to enlarge the appreciation for the cultural contributions of the German-speaking world, and to promote German cultural activities.

On Friday, April 6, was the Induction Ceremony of the Delta Phi Alpha Chapter German Honorary Society. Six exceptional German students (one major and five minors) were accompanied by their parents and friends who shared this important occasion with them.

All German faculty members attended the event. Dr. Sturdevant and Mrs. Powers assisted Dr. Dona, official faculty Delta Phi Alpha advisor, during the initiation process. Miriam Powers also performed the candle light ceremony which ended the event.
